Thank you for your email I will review the documents while I am in office tomorrow
I can advise that the township is currently making application under the rural Ontario development fund to undertake a trails master plan as it has been identified in the tourism and economic development master plan, the strategic plan and our official plan currently under review by the province as being an import priority of the township
Once I have had a chance to fully review your documents I will provide you with further feed back
I look forward to working productively and cooperatively on moving this project forward

Regards

Bryan
